MEDIUM

Manager diligence is temporarily held

All four advertised diligence tools returned unavailable with manager_diligence_product_hold. Do not retry or infer manager evidence.

05 Try next

Prompts that work for this organization today

01 **Review the total portfolio for the latest quarter.**
Portfolio Analytics remains available independently of the manager-diligence hold.

02 **Run portfolio attribution for the latest completed period.**
Uses the available governed portfolio evidence.

03 **Build the macro briefing deck for Thursday's committee.**
Uses The Read, rates, Gradient signal, calendar and CMAs.
