EVIDENCE COVERAGE

Composite report	**Available**	Annual gross, net and benchmark returns through 2025-12-31 S1
Disclosure schedule	**Degraded**	Performance-fee wording is incomplete S2

> SYNTHETIC TEST handoff for committee-memo regression coverage. This paste-ready authoritative markdown reviews a fictional composite report and invented disclosure schedule.

- **Overall assessment:** Satisfactory with follow-ups. Return and benchmark history are present, while the fee wording and significant-event date require correction S1 S2.

Key judgment — return history is present

The report presents annual gross, net and benchmark returns for the required periods S1. This three-series history supports performance comparison, while completeness still depends on the accompanying disclosures, calculation basis and any period-specific qualifications in the reviewed report.

Key judgment — composite identity is clear

The disclosure schedule identifies the fictional composite and its mandate S2. That pairing anchors the presented results to a named strategy, although identity alone does not resolve whether every account assignment and historical definition remained consistent.

Key judgment — event timing is absent

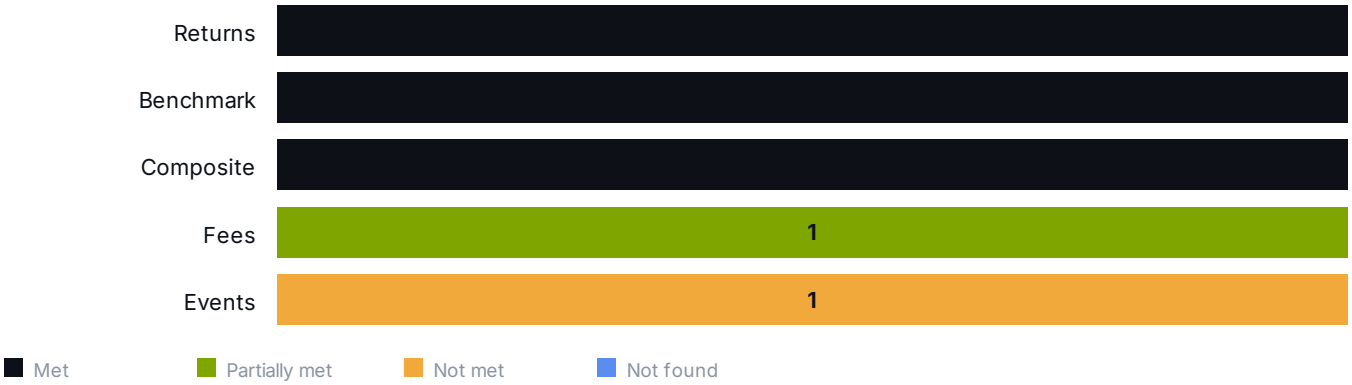

The report names one significant event without the effective date needed to place it in the record S1. Readers therefore cannot align the event with reported returns, and dated evidence is required before assessing its period-specific relevance.

Key judgment — fee text is incomplete

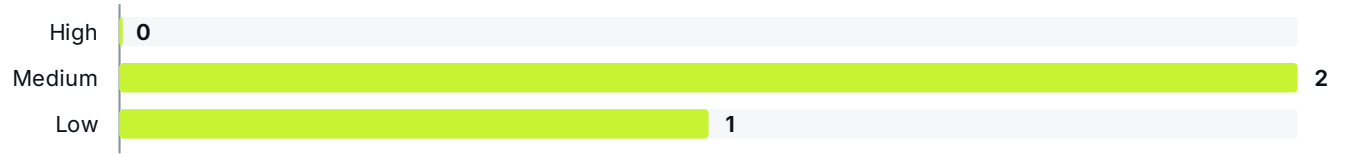

The disclosure schedule does not clearly state whether a performance fee applies S2. That omission limits net-return interpretation because readers cannot determine whether the reported result reflects every applicable fee or compare the basis consistently.

02 Findings

CHECKLIST STATUS BY AREA

FINDINGS BY SEVERITY

MEDIUM **Event date absent**

The report does not date the significant event S1.

MEDIUM **Fee wording incomplete**

The schedule does not clearly state the performance fee S2.

LOW **Approval evidence not supplied**

The supplied schedule does not include preparer approval evidence S2.

One Not met event disclosure and one Partially met fee disclosure drive the fix list. The underlying annual gross, net and benchmark return history is present S1 S2.

Analysis — event context is incomplete

Observation: One significant event lacks an effective date S1. **Why it matters:** Readers cannot align the event with reported returns. **Uncertainty:** The date may exist outside the supplied report. **What would change the view:** Follow-up request 1 producing dated event evidence.

Analysis — fee interpretation remains open

Observation: One performance-fee term remains unclear in the disclosure schedule S2. **Why it matters:** Net-return disclosures require an explicit and complete fee basis. **Uncertainty:** The approved fee schedule was not supplied. **What would change the view:** Follow-up request 2 producing the approved schedule.

Preparer-facing status from the fictional report and schedule S1 S2.

1. Add the significant event's effective date to the report before the next issue (4.C.19) S1.
2. State the complete management and performance fee schedule in the disclosure note (4.C.11) S2.

04 Follow-up requests

01 **Provide the significant-event effective date and approved disclosure text.**
Closes the 4.C.19 gap S1.

02 **Provide the complete fee schedule and approved disclosure text.**
Closes the 4.C.11 gap S2.

1. Provide the significant-event effective date and the approved disclosure text (4.C.19) S1.
2. Provide the complete fee schedule and approved disclosure text (4.C.11) S2.
