EVIDENCE STATUS

Board report	**Available**	Total-fund evidence S1
Investment policy	**Available**	Benchmark evidence S2
Custodian package	**Degraded**	Valuation policy absent S3

> SYNTHETIC TEST handoff for committee-memo regression coverage. This paste-ready authoritative markdown is based only on fictional policy, board-report and custodian evidence.

- **Overall assessment:** Partial evidence with follow-ups.
- Total-fund reporting is documented, while benchmark-change disclosure and valuation-policy evidence need completion.

Key judgment — evidence balance

Observation: Met is 2 and Not met is 1 S1. Why it matters: The evidence is mixed. Uncertainty: The review is document-bound. What would change the view: Additional governed evidence that changes either count.

Key judgment — partial support

Observation: Partially met is 1 S1. Why it matters: Partial support limits a clean conclusion. Uncertainty: Missing documents may exist. What would change the view: Complete evidence for the partially supported requirements.

Key judgment — evidence gaps

Observation: Not found is 1 S1. Why it matters: Unlocated evidence remains outside the assessment. Uncertainty: Absence from the supplied record is not proof of absence. What would change the view: A current document resolving the gap.

Analysis — Benchmark lineage incomplete

Observation: The benchmark is identified, but its change date is absent S1, S2. **Why it matters:** period comparability depends on benchmark lineage. **Uncertainty:** the underlying approval date is not evidenced. **What would change the view:** evidence closing follow-up request 1.

02 Performance Integrity & GIPS

REQUIREMENT EVIDENCE MATRIX (TEST)

REQUIREMENT	EVIDENCE SCORE
PERFORMANCE RECORD	1.0
DISCLOSURES	0.5
GOVERNANCE EVIDENCE	-0.5

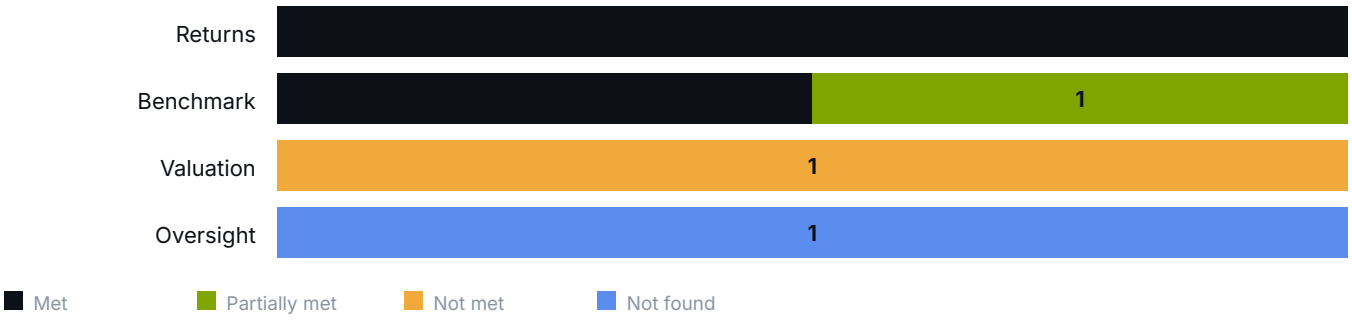

The fictional board report presents total-fund returns net of external manager fees and identifies the policy benchmark S1. The policy names the reporting basis, but the custodian package does not evidence the effective date of a benchmark change S2 S3.

03 Follow-up Requests

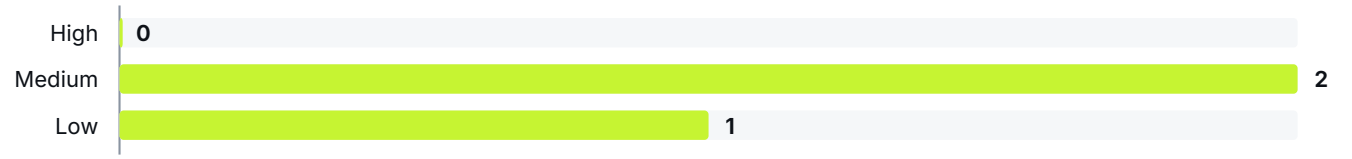

1. Provide the benchmark-change effective date and rationale.
2. Provide the valuation and error-correction policies.
